

Scoring the test

Now total your score. Here's how to assess your totals:

80 to 100: Go for it. If you continue to show a willingness to be a sponge, you should succeed!

60 to 79: You probably have what it takes to successfully run your own business, but take some time to look back over the questions you scored the lowest on and see if you can discern any trends.

40 to 59: Too close to call. Review the questions on which you scored poorly and don't scrimp on learning more to tilt the scales in your favor.

0 to 39: We could be wrong, but you're probably better off working as an employee or pursuing one of the other alternatives to starting your own business.
